

# THAILAND PRO BONO PROGRAM

**Herrera & Partners (H&P)** started its Thailand Pro Bono Program in early 2021 aiming to provide accessibility to high quality legal services to Thai and Non-Thais who cannot afford a proper access to these professional services.

Since the beginning H&P lawyers have maintained a strong commitment with different social causes in Thailand and abroad. Our Bangkok law firm have decided to start handling a range of cases without no cost or fee related to:

- Immigration
- Statelessness of Northern Thai minorities
- Children rights
- Human Trafficking
- Economic Development
- Criminal Law

**H&P** commitment with non-profit projects and pro bono initiatives shows the path where the law firm wants to give back something to the society and the people in need.

In opinion of the Managing Partner Mr. Jose Herrera “We strongly believe that what you give is what you receive and H&P take the Thailand Pro Bono Program for 2021 as an opportunity to learn, become stronger, more compassionate and be close to the often-marginalized groups in Thailand”.

The firm maintain an ongoing communication with different foreign embassies and governors of different provinces, specially from the north of Thailand.

On a yearly basis H&P makes a public a report on Thailand Pro Bono Program with a summary of the cases we handled.

If you want to contact H&P for a Pro Bono legal work, please write to us at [info@herrera-partners.com](mailto:info@herrera-partners.com)
